

**Restoring Europe.
Better together.**

#500EERS

towards 500 European Ecological Restorers

HOW DO YOU RESTORE AN ECOSYSTEM? BY WORKING TOGETHER.

SER EUROPE:

- The central **network** for you to connect with over 365 restoration professionals across Europe, and 4000 around the globe .
- **Facilitates the exchange** of knowledge, experience and proposal on ecological restoration.
- **Advances** the science, policy, and practice of ecological restoration for the benefit of nature, climate, and people.

 Diversity of people generates better ideas.

 With better ideas, we can more effectively turn degraded areas across Europe into thriving ecosystems.

That's why we want to hear your voice; Become a member!

Our membership options suit any budget.

AS A MEMBER OF SER EUROPE, YOU CAN:

- Connect and collaborate with peers in ecological restoration across Europe
- Engage with the [SERE Strategy 2027](#)
- Contribute to [European policymaking](#)
- Stay up-to-date on European ecological restoration through webinars and participate in SER Europe activities at reduced rates.

If you join now, you will be invited to an online welcoming event.
Let's restore Europe's ecosystems together.
